Cleaning

Clean with a damp cloth only. Avoid using metal or abrasive polishes.

Installation Steps:

1. Locate position on the wall and mark location of the holes.
2. Drill Starter holes (5/64").
3. Mount grab bar to the wall using 2" screws (Enclosed).

This grab bar is designed to be installed on wood bracing, if a proper wood bracing is not available consult your contractor as to the best anchors to use for your specific application some options available are Tile/ masonry anchors, toggle bolts, plastic anchors, metal anchors and drywall anchors.
